PRODUCT DESCRIPTION

Designer: Boris Klimek

Brokis Memory Wall Light

The Brokis Memory Wall Light is an expansion of the [memory collection](#) and, similar to the rest of the range, brings back childhood reminiscence, taking you back to a carefree time. Colourful and playful the Memory Wall Light is available in various colours, all of which offer you the choice between a glossy or matt finish.

Brokis Memory generates the illusion of floating balloons, inflated in your space with the string hanging below. This string also functions as the on/off switch. Although generating the fantasy of movement, the Brokis Memory light is fixed to the wall. Brokis Memory Wall Light can stand beautifully on its own and draw all attention, although it also looks stunning when displayed in an arrangement with Memory lights in other colours and/or sizes.

PRODUCT SPECIFICATION

Light Source: **Small:** 1 x Max 15W E27 (excluded)
