PRODUCT DESCRIPTION

Designer: Lucie Koldova

Brokis Whistle Pendant.

The Brokis Whistle Pendant was designed by Lucie Koldova as an ode to the talent of glass makers. The name comes from a 'blowpipe' another name for a glass maker's whistle. The body of Whistle creates a silhouette of a cone of light, and produces a distinct spotlight that is diffused through a hand-pressed metal shield. The cable is expertly displayed through the glass shade, adding a unique detail to the Whistle Pendant and resulting in a simplistic technical form that shows hints of industrialism.

Brokis Whistle can be installed individually or in larger compositions, guaranteed to catch the eye when presented in kitchens, dining spaces, hallways, entryways and stairwells. From March 2018, Whistle is fitted with special integrated connectors developed by Brokis to facilitate installation and cleaning.

Brokis Whistle is available in the following finishes:

Glass: Transparent, Smoke Grey, Smoke Brown or Opaline

Cable: Black, White, Grey, Magenta, Menthol, Copper, Brass or Chrome
