PRODUCT DESCRIPTION

Designer: Rainer Mutsch

Orchid 4 by Axolight

Rainer Mutsch was inspired by natural blossom shapes, for his design of the Orchid collection. Thus, he created these shades that open up from a main pole structure. Rainer work is an exploration into combining various material with contemporary manufacturing and design processes. Orchid 4 is a horizontal suspension light, with 4 shades that face in different directions. The light is available in three pastel colours: white, sand or anthracite grey; guaranteed to match any interior decor.

The [Orchid Collection](#) was created from the first collaboration of Rainer with Axolight, and since its launch it has become truly popular. The collection also includes a floor lamp, a vertical suspension, a single and triple ceiling/wall light.

PRODUCT SPECIFICATION
