PRODUCT DESCRIPTION

Designer: Tom Dixon

Tom Dixon Beat Floor Lamp

A variant of the prominent Beat Light, this floor standing version has a slim articulated arm which can be directed to aim the light beam for different purposes, whether for reading, or a cosy sofa area. The Beat floor lamp design is perfect for homes or commercial spaces, creating an ambient effect with an industrial and modern style.

Made with solid brass parts and iron sand cast bases, the Beat Floor Lamp is available in 2 finishes, each with a 'beaten' brass interior.
