PRODUCT DESCRIPTION

Designer: Resident Studio

Hex 750 LED Pendant by Resident

The Resident Hex 750 is a modern geometric pendant lamp, whose handmade hexagonal frame projects a very high-quality LED light source onto the surfaces below. Hung from three discreet slim-lined wires, Hex is an innovative choice for home, office or retail spaces. Available in matt black, brushed aluminium or brushed brass. Each pendant is handmade in New Zealand.

Hex 750 works well as a single pendant, displayed in multiples or with other members of the geometric lighting family. The innovative and functional design of this pendant makes it suitable for both home and commercial environments with its mathematical precision.
