PRODUCT DESCRIPTION

Northern Oslo Wooden Floor Lamp

Set the mood for style with Oslo Wood, a trendy floor lamp with a tripod base and multi-directional shade. The shade rotates around a gimbal fastened to the top of the tripod, giving it the potential to angle light in any direction. The cloth shade projects light upward, yet also diffuses it through the fabric to create a soft glow.

The designer recalls how Oslo Wood reminds him of urban light filtering through trees growing around the city centre. As the light is softened by the shade, it resembles the warm glow of city lights on a dark winter night, which have been diffused upward through tree branches to illuminate the sky. While Oslo Wood's adjustable shade sets it apart from many other floor lamps, its streamlined, contemporary style aligns it with other leading lighting designs.

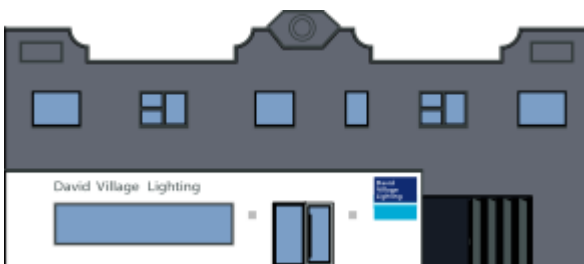

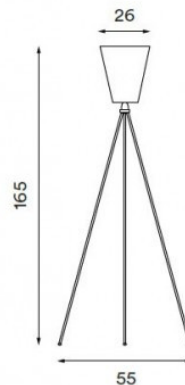

PRODUCT SPECIFICATION

Light Source: 1 x Max 100W E27 dimmable (excluded)

IP Code: 20

Dimming: In line dimmer included on cable.

Dimensions: Height: 165cm
Shade: 26cm
Width: 55cm
Cable Length: 200cm
