PRODUCT DESCRIPTION

Designer: Christophe Mathieu

Bover Drip/Drop LED Table Lamp

The Drip/Drop LED Table Lamp by Bover was designed by Christophe Mathieu and is an incredibly versatile lighting solution. The shade is available in two different colour options and two shapes: either Drip or Drop. Drip boasts a slender and minimalistic design with clean lines, whilst the Drop shade creates a more dramatic effect in your room with distinctive curves and a wider diameter. Both shades harbour their own personality and can adapt to a range of settings, specifically contemporary interiors.

No matter which shade you decide upon, both produce an intimate and diffused light, perfect for creating a relaxed ambience. The Drip/Drop LED Table Lamp makes a beautiful addition next to your bed, in a hallway, in your lounge or in commercial settings; such as restaurants, bars and libraries.

Also available with proxy dimmer switch. Please contact us for more information and prices.
