PRODUCT DESCRIPTION

Designer: Eugeni Quitllet

Foscarini Satelight Table Lamp

The Foscarini Satelight LED Table Lamp is part of the best-selling [Satelight Collection](#), a range designed by Eugeni Quitllet in 2017. The Table Lamp is characterised by its cone shape which holds a beautiful glass sphere on the top. This makes the globe appear as if it is floating, evoking images of the moon in the night sky.

The Satelight Table Lamp has an integrated LED light source which is held inside the sphere, softly diffusing throughout the room to create a cosy and warm atmosphere. Suitable for many spaces such as lounges, bedrooms, reception areas and dining rooms, the Satelight LED table light can be enjoyed in both commercial settings and homes on tables, desks, side tables and shelves. Also choose between a non-dimmable version, with an on/off switch or a dimmable version, with a touch dimmer to have the perfect fit for your interior.
