## PRODUCT DESCRIPTION

**Designer:** Omer Arbel

### 76 Series Chandelier Light by Bocci

The Series 76 chandelier light is made up of multiple pendants from the [Bocci 76 Series](#). Each individual shade is made from blown glass with layers of white and clear glass that create an interesting pattern. The pattern is created by introducing a vacuum into the glass and pulling it through copper mesh that sits in between each glass layer. This special technique creates a truly unique aesthetic that is eye-catching and alluring.

The 76 series chandeliers are available in different numbers and configurations. You can have a chandelier light made up of either 11, 14, 20, 26 or 36 pendant lamps with the choice of a square, rectangular or round ceiling canopy to achieve the perfect look and function for your interior. The cable lengths are also non-adjustable and light bulbs are included in the purchase by Bocci. Create a marvellous and spectacular look in your home or professional setting with this amazing and modern chandelier!
