PRODUCT DESCRIPTION

Designer: Anne Qvist

AQ01 LED Table Lamp by Fritz Hansen

The AQ01 table lamp was designed by Anne Qvist in 2017, who uses a classic silhouette to produce a new and contemporary lamp that is chic and stylish. The table lamp is made from aluminium with two parts held an internal spring so you can adjust the lamp to where you need. This allows for directed downward light that is perfect as a reading or task light. The diffuser is made from polycarbonate, diffusing the light source to create a glare-free light that is warm and soft.

The AQ01 table light is also good for creating a nice ambience due to the diffused light and the integrated dimmer that sits in the top of the lampshade. This table light will work well in both homes and offices, and can be used on desks and side tables. Very versatile and modern, this desk lamp is perfect for a variety of settings.

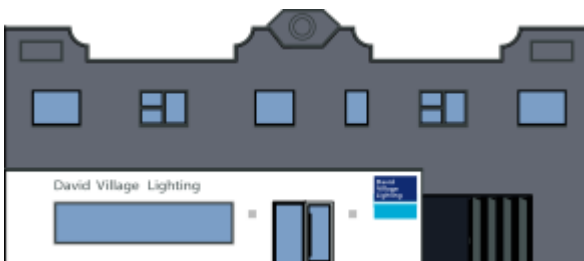

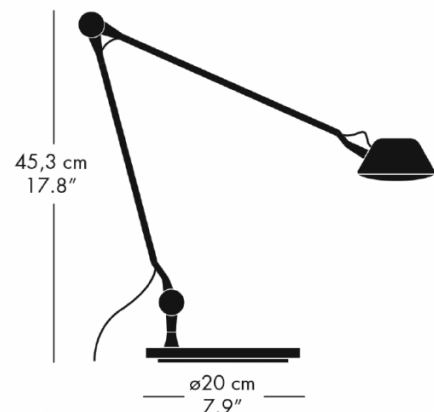

PRODUCT SPECIFICATION

Light Source: 7.7W, 3000K, 483 Lumens

IP Code: 20

Dimming: Integrated dimmer included on product.

Dimensions: Base: Ø20cm
Height: 45.3cm
