PRODUCT DESCRIPTION

Designer: Tham & Videgård

Wastberg W171 Alma Suspension

Designed by Tham and Videgård, the W171 Alma Suspension is a sleek and modern light. It boasts a sculptural quality, further enhanced by its satin matte finish - which is apparent even in the daylight. The Alma Suspension was inspired by a sine wave, where light and shadow create a readily recognisable character. The slim silhouette and calming colour options ensures that the Alma Suspension can easily slip into any interior design style, adding a touch of class to any interior.

The light source reflects off of the lacquered aluminium shade, casting a warm glow downwards to illuminate your room. This suspension light makes a perfect addition hanging above your dining table or coffee table, and it can be used either as a solitary light or grouped together to produce a stunning statement piece.

Compatible with all major light track systems (adapter not included)
