PRODUCT DESCRIPTION

Designer: Jasper Morrison

**Smithfield S Pro LED Pendant
Light by Flos**

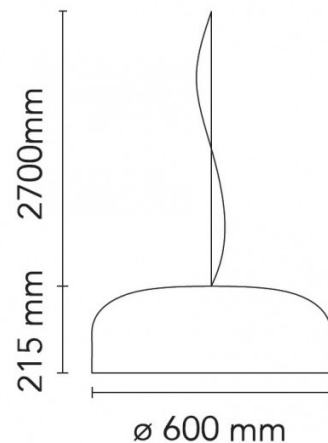

Inspired by London's Smithfield Meat Market, the Smithfield LED pendant light was designed by Jasper Morrison in 2009. The Smithfield suspension has an aluminium body with an opalescent polycarbonate diffuser available in a choice of either matt black, glossy black, glossy red, glossy green, white or mud finishes.

The Smithfield S Pro LED pendant provides a generous direct yet diffused light and, thanks to its opalescent diffuser, produces a glare free light output. The minimal design and slender profile of the Smithfield S Pro pendant lamp makes it a great choice for kitchen lighting, either as general lighting or over a breakfast bar. The Smithfield's fantastic light output also makes it great as a dining room light, suspended over a table.

The [Smithfield collection](#) also includes a ceiling version, both in LED and retrofit, ideal for spaces where ceiling height is at a premium.

PRODUCT SPECIFICATION

- Light Source:** 30W, 2700K, 2791 lumens
