PRODUCT DESCRIPTION

Designer: Mariana Pellegrino Soto

Oluce Alba Double Floor Lamp

Oluce Alba Double Floor Lamp was designed by Mariana Pellegrino Soto. Alba Double Floor Lamp was inspired by droplets of water that balance on different surfaces. This double-shaded floor lamp has been made from two mouth-blown opaline glass for a natural profile and emits a diffused glow. The stem of the lamp has a rectangular silhouette built from anodic bronze metal and stands 127cm tall. Two metal arms branch off on either side and at different heights to support the luminous drops, one from above and the other from below.

Alba Floor Lamp has been designed to be perfectly situated in a living or dining area for a sophisticated and luxurious feel. [Alba collection](#) includes two different-sized pendants, a wall lamp and a table lamp which can be featured in both a residential and commercial setting.
