PRODUCT DESCRIPTION

Designer: Mariana Pellegrino Soto

Oluce Alba Double Pendant

Oluce Alba Double Suspension was designed by Mariana Pellegrino Soto. The inspiration for this suspended pendant was graceful opaline drops which shine brightly from light. Each shade is attached to a rectangular-section structure, made from anodic bronze, in the shape of a double asymmetrical 'L', which serves as a base. Alba suspension is made from two mouth-blown polished opaline glass shades and is hung by a 280cm barely visible wire for a discreet, floating effect.

Oluce Alba Double Pendant can be hung beautifully in a living or dining area in a residential home or a commercial setting such as a restaurant or cafe. The Alba Double Pendant is also available as [Alba Single Pendant](#). The [Alba collection](#) consists of six different lights which can be displayed together for a delicate, visual feature.
