PRODUCT DESCRIPTION

Designer: Space Copenhagen

Gubi Gravity Floor Lamp

The Gravity Floor Lamp, designed by Space Copenhagen, captures the interplay between strength and delicacy. Its weighted cylindrical base, crafted from marble or steel, contrasts beautifully with the ethereal canvas or white textile shade, creating a balanced and sculptural silhouette. This floor lamp excels in creating ambient light, making it an excellent choice for living rooms, lounge spaces, and even upscale office environments. Its dimmable functionality (with a dimmable bulb) allows you to adjust the light intensity, providing the perfect atmosphere for relaxing evenings or focused work.

The Gravity Floor Lamp is available in four finishes, including grey marble and black steel, ensuring it complements various interior styles, from contemporary minimalist to industrial chic. Whether as a statement piece in a large room or as a functional light in a cosy corner, the Gravity Floor Lamp's design versatility ensures it meets both aesthetic and practical needs.
