PRODUCT DESCRIPTION

Designer: Tokujin Yoshioka

Planet Floor Lamp by Kartell

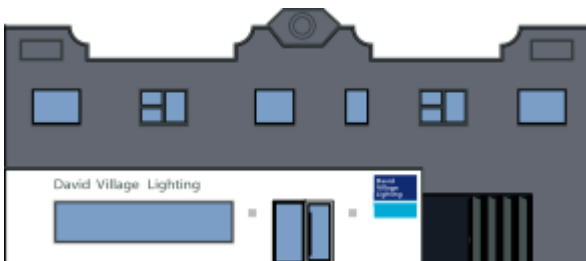

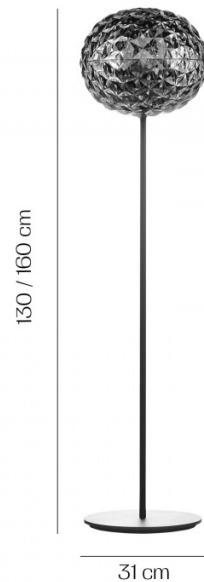

Designed by Tokujin Yoshioka for Kartell, the Planet family of lamps are defined by their slightly elliptical diffuser and crystallised illusion design. This illusion and the transparent surface creates a multitude of reflections leading to a wondrous display of colour and light.

Available in two colours, crystal and smoke, the Planet Floor Lamp will add dazzle to your room and fits in nicely with a modern aesthetic. With both a small and large option you can create dynamism by pairing them and using contrasting colours to make a light spectacle for everyone to enjoy.
