Normann Copenhagen Bau Pendant

Normann Copenhagen Bau Pendant was designed by Vibeke Fønnesberg Schmidt in 2010. Bau Pendant is a true work of art that offers a perfect blend of creativity, innovation, and unique design. This lamp is a perfect example of how composition and geometric shapes can be used to produce a breathtakingly beautiful sculpture. The attention-grabbing design of the Bau pendant is sure to add a touch of elegance and sophistication to any space, making it an ideal choice for those looking to create a statement piece in their home or office.

Bau Pendant is available in two sizes, small and large, which can be featured in both a commercial and residential setting. Bau can be situated above a dining table as a centerpiece which evokes conversation and stories within its décor.

Please note: this light fitting involves self-assembly, which is part of the playfulness of the design. An instruction manual is included.
