PRODUCT DESCRIPTION

Designer: Simon Karkov

Normann Copenhagen Norm 06 Suspension

Normann Copenhagen Norm 06 Suspension was designed by Simon Karkov. The name "Norm Suspension 06" was named after its release year, which was 2006. Each suspension is made up of hand-folded foil which has been wrapped around the skeleton structure. Norm 06's diffused shade provides an evenly distributed and soft light which is particularly suitable for creating a relaxed ambiance in lounge areas. The gentle nature of this lighting solution is ideal for inducing a calming effect and reducing harshness.

A sculptural light with its stunning character, the Norm 06 can not only be hung in commercial settings such as above reception areas or conference rooms. Still, it can also be featured in residential settings within a home. Norm 06 is available in three sizes, ranging from small to large, which can be displayed independently or in a cluster for an interesting visual. Buyers have the option to purchase the lampshade individually or as part of a complete lamp set, inclusive of a canopy and 2.5m cable. [Norm Collection](#) consists of four different shaped suspensions which can all be featured together for a seamless aesthetic.

Please note: this is a self-assembly product, a manual is included with the pendant.

PRODUCT SPECIFICATION

Light Source: 1 x Max 9W LED E27 (excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Small:

Shade: Ø43cm
