PRODUCT DESCRIPTION

Designer: Edward Barber & Jay Osgerby

Bellhop Portable Table Lamp by Flos

The Bellhop family began when Edward Barber & Jay Osgerby designed a table lamp for the new London Design Museum. The table version of the Bellhop gives the user ultimate flexibility as a portable lamp - stand it on a bookshelf, adorn a coffee table or even place it on a bedside table. The Bellhop portable table lamp by Flos casts an atmospheric pool of light and the portable ability of the lamp version is likened to a modern day candle.

The Bellhop portable table lamp by Flos has up to 24hrs battery life, and is rechargeable with USB-C. A push button on the base provides 4-step dimming function (0-30-70-100%) to alter the light output as required. The Bellhop also has a battery status indicator positioned under the base, offering maximum versatility without compromising on style.

Please Note: The Flos Bellhop can be used outside only in dry weather conditions, and must not be left outside for extended periods of time.

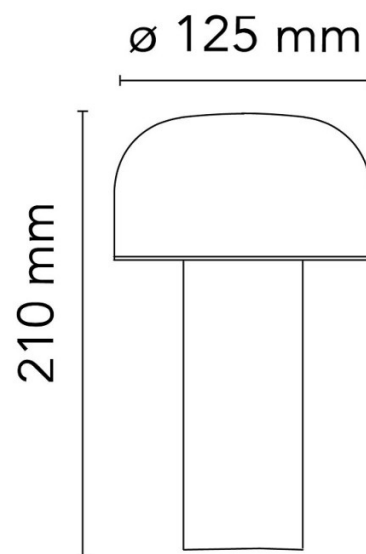

PRODUCT SPECIFICATION

Light Source: 2.5W, 2700K, 151 lumens

IP Code: 20

Dimming: Integrated dimmer on the product

Dimensions: Ø12.5cm
21 cm height
120cm cable length
