PRODUCT DESCRIPTION

Mediterranea LED Wall Light by
Petite Friture

The Mediterranea wall light is part of the [Petite Friture Mediterranea collection](#), a series of lights by Noé Duchaufour-Lawrance. The designer was inspired by how laundry billows in the wind on Mediterranean balconies and so created a lampshade that has a metal sheet hanging off a rod. The metal is perforated to create a striking and graphic aesthetic, which is modern and contemporary.

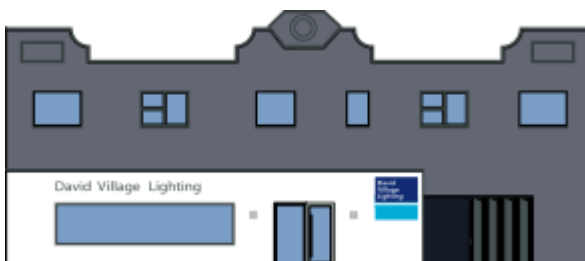

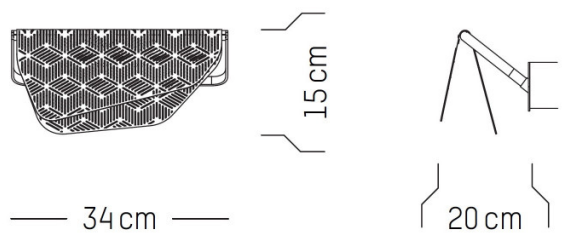

The wall light is available in a brushed brass finish and would be a wonderful addition to any interior. It can be used in corridors, lounges, hallways and more to provide an effective and stylish lighting solution. The LED light source also makes the wall lamp eco-friendly and long-lasting, being perfect for homes and professional interiors.
