PRODUCT DESCRIPTION

Mediterranea LED Floor Lamp by
Petite Friture

Inspired by the weightlessness “of laundry billowing in Mediterranean balconies” Noé Duchaufour-Lawrance designed the [Petite Friture Mediterranea collection](#), a range of lights that are made from brass with an included LED light source. The shade has a folded shape with a striking graphic pattern that diffuses the light in a lively manner.

The Mediterranea floor light can be used in many interiors and will add a contemporary touch to the space. The floor lamp is available in an elegant brushed brass finish, which will easily slip into any design scheme. Use as a handy reading light or use to create a warm atmosphere at home or in professional settings.
