## PRODUCT DESCRIPTION

**Designer:** Lucie Koldova

### Brokis Ivy Suspension

The Brokis Ivy Suspension draws inspiration from nature and its life-giving beauty and strength, these themes serve as the model for a unique lighting concept. Just as the plant grows and climbs up the walls of a house, creating multiple images, Ivy offers a special system of modular components, thanks to which it can be used to achieve a highly innovative take on decorative lighting in both vertical and horizontal compositions.

The Brokis Ivy Suspension features a range of sizes in opal or smoke glass. Variable, elegant, and precise in workmanship down to the smallest detail, Ivy is a high-tech lighting concept well suited to both commercial and residential applications. In intimate home settings, for example, a single branch can be used. The elegant branches can be hung separately or joined together to create a curtain of light, as they do for the Das Haus installation, where Ivy forms a notional curtain above a deeply inset bathtub. Ivy has many forms and justly takes its place among artistic, so-called bespoke, lighting installations.

**Brokis Ivy can also be supplied as a horizontal suspension. Please [contact us](#) for more information and pricing.**

## PRODUCT SPECIFICATION

- Light Source:** **PC1059:** 3 x Max 2W G4 LED (excluded)  
**PC1060:** 4 x Max 2W G4 LED (excluded)
