PRODUCT DESCRIPTION

Designer: Paavo Tynell

Tynell A1965 Pendant by Gubi

Designed by Paavo Tynell in 1947, the A1965 pendant light is the rise and fall version of the [1965 light](#) that is part of the [Tynell collection](#) by Gubi. Originally designed for the acclaimed Finland House in New York this light made waves as it made the “ordinary light” both functional and artful, creating a new aesthetic and thought of design in lighting in the mid 20th century.

The shade has Tynell's trademark perforated patterns and the clever lift mechanism means the pendant can be moved to whatever height suits you. The delicate brass finishes and exquisite shade make this light both timeless and refined that will subtly impress within your design scheme. This light fits best in home environments with a frosted diffuser creating a pleasant glow and downward light that will nicely illuminate the room.
