Tynell 5321 Table Lamp by Gubi

The 5321 Table Lamp was designed by the prolific Finnish designer Paavo Tynell in 1938. Like many of his designs, this lamp takes direct influence from nature. With a brass base, rattan-covered stem and a beautiful shell shaped brass shade, this lamp resembles a pearl sitting perfectly inside a sea shell as the bulb seemingly appears from underneath the shade.

The Tynell table lamps subtle colour and material means that the lamp can easily fit within the design scheme of any modern space and its intriguing design will constantly create intrigue and curiosity. Alongside other pieces in [Gubi's Tynell Collection](#), this lamp is a classic, timeless piece, being both decorative and functional and is a staple in any home, office or commercial space.
