### PRODUCT DESCRIPTION

**Designer:** Miguel Milá

### Globo Cestita Pendant Light by Santa & Cole

The Globo Cestita pendant is the smaller version of the [Globo Cesta pendant](#). A minimalist light, the Cestita pendant lamp takes the gorgeous opal lampshade of the [Cestita table lamp](#), which was first developed by Miguel Milá in the 1960s after he found an abandoned opal glass shade outside a factory in Barcelona.

The Globo Cestita pendant lamp features a wonderful rounded opal glass shade which creates a warm glow and spreads the illumination evenly around the room. The small size of this pendant light makes it perfect for accent lighting, clustering or using in rows/lines. Use in virtually any space for a useful and diffused glow.
