PRODUCT DESCRIPTION

Designer: Ramos & Bassols

Vibia Duo Ceiling LED Round Light

Designed by Ramos & Bassols, the Vibia Duo Round LED Ceiling Light has a simple and effective silhouette, casting a downward-directed illumination that spreads evenly and thoroughly in your interior. The ceiling light is made from aluminium which contrasts with the natural wood interior, creating a beautiful juxtaposition that embodies the name Duo.

The integrated LED light source is also concealed by a diffuser, producing a glare-free light that is bright without dazzling. Suitable in multiple or alone for general or main lighting, the Duo round ceiling lamp is available in a subtle cream or graphite colour, small or large. Use in professional spaces, homes or hospitality for useful and stylish lighting.
