PRODUCT DESCRIPTION

Designer: Michael Anastassiades

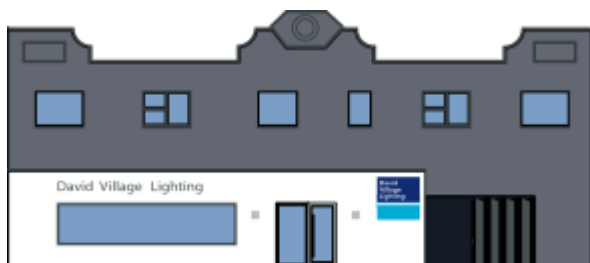

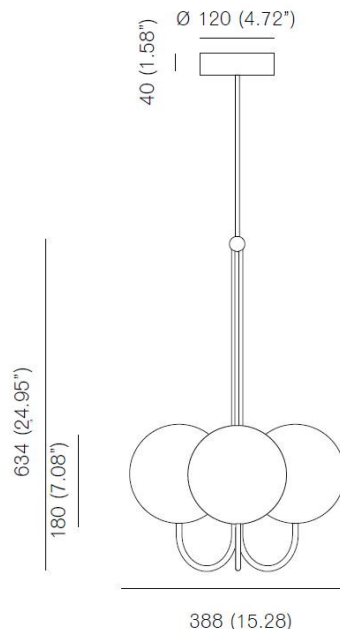

Triple Angle Pendant Light by Michael Anastassiades

PLEASE NOTE: This pendant requires a specified rod length before purchasing. Please [contact us](#) for more information and for placing an order.

Michael Anastassiades' design philosophy is to preserve the natural qualities of materials. Their products are handmade and come in natural finishes, exposed to the elements without any protective lacquers. They look at oxidation as part of a process that adds to the patina of an object, increasing beauty with time. They suggest using the white gloves provided when handling the product to protect its natural finish. The Triple Angle Nickel pendant is suspended by a rod, which is cut to order. The maximum total drop height is 263.5cm and the minimum drop height is 73.5cm.
