PRODUCT DESCRIPTION

Designer: Ilia Sergueïevitch Potemine

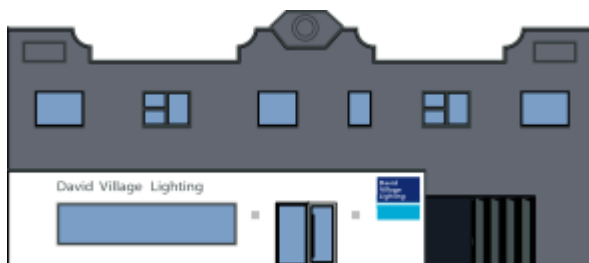

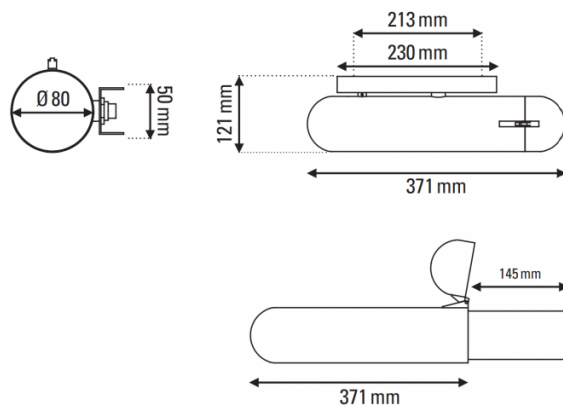

ISP LED Wall Light by DCW éditions

The ISP wall lamp is an innovative and forward-thinking light, designed by Ilia Sergueïevitch Potemine. The wall light is switched on and off by pushing and pulling the LED light source in and out of the brass capsule. The design allows for an interactive light that creates a magical and nearly other-worldly aesthetic in any interior.

The ISP wall light is available in 2 versions, with the capsule being able to open from the left hand side or the right hand side. The wall light can also be installed horizontally or vertically to suit your needs. A beautiful and intriguing light, the ISP is also available in a table version.
