PRODUCT DESCRIPTION

Designer: Patrick Norguet

Giò Light Decentrata by Artemide

Giò Light Decentrata is a functional and timeless designer pendant light. Patrick Norguet envisioned a pendant with a focus on 'make more with less'. The Gio Light has a simple shape, made with injected aluminium, giving emphasis to the light itself. The pendant provides endless possibilities for interior designs, with a choice of 2 colour options you can mix and match and create your own unique interior. The off-centre feature permits the user to install the Gio Light in different heights, depending on the space or the decor.

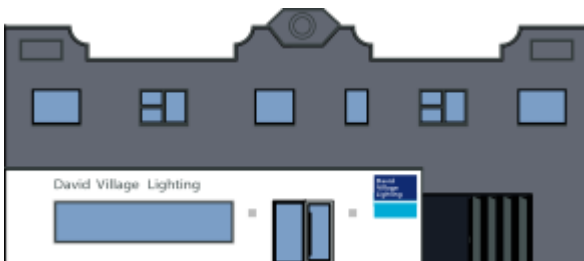

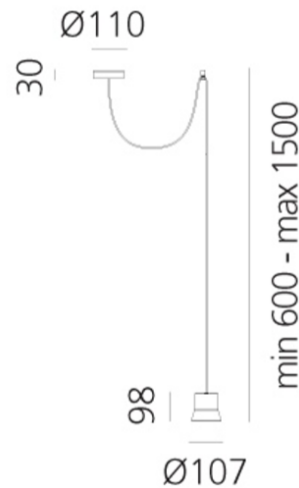

The Gio Light Collection also includes the [Gio Light](#) single pendant and the [Gio Light Cluster](#), with three Gio pendants. A light for both residential and commercial settings, the Gio Light offers an impeccable light and a unique modern look.
