Kizu Table Lamp by New Works

An iconic and bestselling table lamp from New Works, the Kizu table light perfectly shows how differences in design can work symbiotically, this structural lighting solution combines two bold forms and results in a beautiful lamp. Designed by Lars Tornøe, the Kizu Table Lamp boasts a lightweight, domed white lampshade that sits atop a heavy marble base, looking perfectly balanced and centred. The simple acrylic shade contrasts beautifully with the marble base, highlighting the details in the natural material. This dome diffuser encompasses the light source and provides soft illumination, creating a calming ambience that is inviting and alluring.

The Kizu table lamp is available in a range of colours, and is available in either a small or large size. This table light comes with a dimmer switch so you can create the best atmosphere for your space, and the elegant and stylish aesthetic will look fantastic in any interior.
