PRODUCT DESCRIPTION

Designer: Tom Dixon

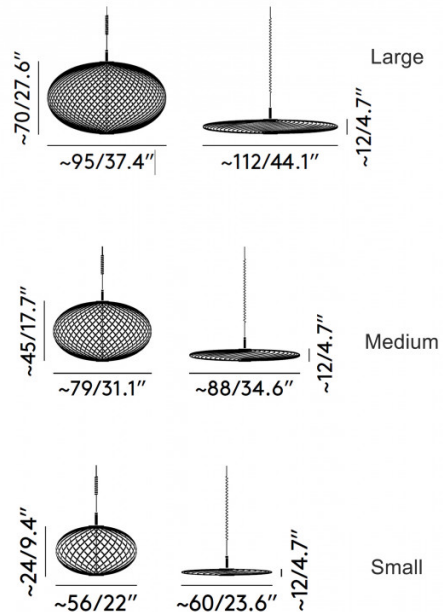

Spring LED Pendant by Tom Dixon

A brand new and launching at Euroluce Milan! SPRING is a range comprising of 3 pendants. The design is likened to a whisk, with stainless steel ribbons which form around the central LED. This allows the pendant body to collapse during delivery and be adjusted for a truly unique display.

Many liken the style to a spirograph drawing, flying saucer or a pumpkin! Tom Dixon's new LED integrated light source is replaceable once it's initial life of 50,000 hours is up. This can only be sourced via Tom Dixon. Please contact us for details.
