PRODUCT DESCRIPTION

Designer: Front

Zero Curve LED Large Floor lamp

Curve is a collection of lights, designed by Swedish group FRONT, who once again bring us a daring design. They're playing with movement and nature, with a curvy stem and a design that reminds us of the wild mushrooms we encounter in the forest.

It's light design adds a multi functional use to it, and you can use the Curve Floor lamp both as a floor light but also as a tall table or desk lamp.

Curve Floor lamp is available in other colours, stem heights and shade diameters. **Please** contact us for further information on pricing.
