PRODUCT DESCRIPTION

Designer: Svend Aage Holm-Sørensen

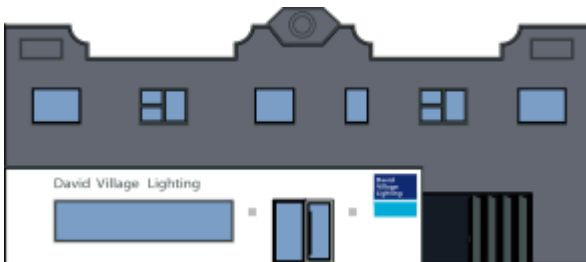

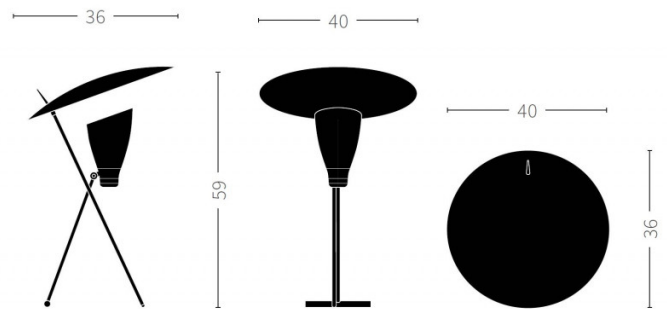

Warm Nordic Silhouette Table Lamp

The Silhouette Table Lamp was designed by Svend Aage Holm-Sørensen in the 1950s. Like many of Holm-Sørensen's designs, it remained a sought-after design for many years, leading Warm Nordic to reproduce the infamous collection. The Silhouette features a strong profile with brass detailing that, as an ornamental metalworker, Holm-Sørensen was renowned for.

The metal shade on The Silhouette Table Lamp reflects light from below, providing a diffused, glare-free glow. Its asymmetrical design and elegant construction adds a touch of character to any setting, both commercial and domestic. It is perfect for emitting warm, welcoming lighting throughout the home, on bedside tables, desks, or windowsills. Available in three finishes, Black Noire, Warm White, and Pure Cashmere in Warm Nordics exclusive silk-mat colour quality, ensuring The Silhouette Table Lamp is both beautiful and durable.
