PRODUCT DESCRIPTION

Designer: Piero Lissoni

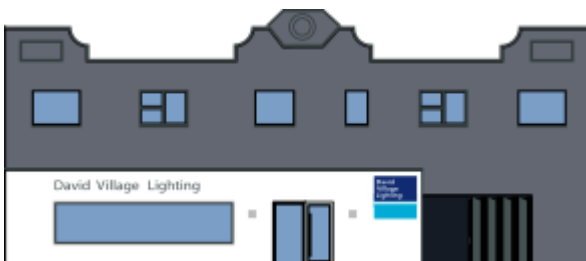

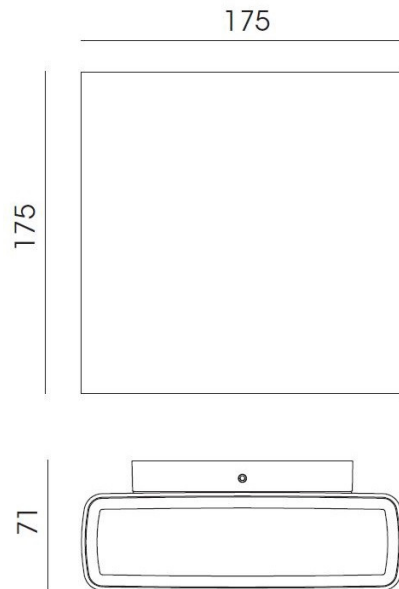

Climber 175 Up & Down LED Wall Light by Flos

Flos introduces the Climber outdoor wall lights; the Climber 175 Up & Down being the intermediate size with a bi-emission light. The bottom of the Climber wall light is protected by a shutter to avoid any glare while offering you the best light experience. The top of the light is also sealed with the glass as to avoid any water entering the structure.

The Climber 175 wall lamp is available in six colour finishes including anthracite, black, white, grey, forest green and deep brown, and with a beam angle of 16° or 72°, the Climber 175 LED wall light allows the choice between a spotlight and a generous floodlight. Also choose a colour temperature between the warmest white (2700K), warm white (3000K) and cool white (4000K).
