PRODUCT DESCRIPTION

Designer: Piero Lissoni

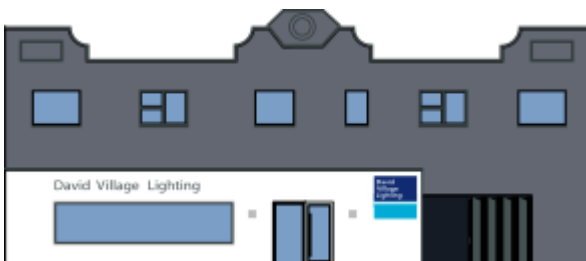

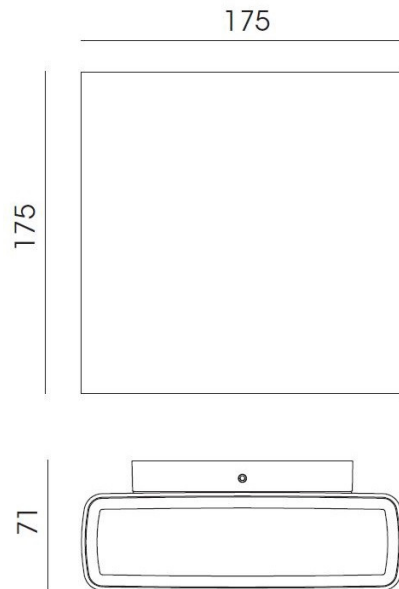

Climber 175 Down LED Wall Light by Flos

The [Flos Climber Collection](#) by renowned designer Piero Lissoni, is comprised of three sizes of outdoor wall lights in a choice of either a single downwards emission or downwards and upwards emission combined. The Climber 175 LED light is the intermediate, square sized Climber with a downlight available with a beam angle at 16° or 72°. The Climber wall lamp has a shutter which restricts glare, making the wall light perfect for creating a pleasant ambience.

The body of the Climber 175 wall light is made from aluminium and has five colour options; white, grey, black, anthracite and deep brown. The 175 LED wall lamp can be further customised with a choice of three colour temperatures, from warmest white (2700K), warm white (3000K) and cool white (4000K).
