PRODUCT DESCRIPTION

The Bouquet 130M3 Chandelier by Le Klint

Sinja Svarrer Damkjær, the designer behind the Bouquet collection, was first inspired during a trip abroad. While in Italy, Sinja was amazed by the flower handlers in the local market, they would tie the tulips in bundles and the flower heads would sway and hang creating a beautiful curve.

A modern chandelier, with an organic element, the Bouquet 130M3 is a bundle of three pendants, made using the classic Le Klint pleating technique, with a braided linen cord representing the stem of the flowers.

A wooden oak detail functions as an adjuster for the cord length in a fast and easy way. The Bouquet chandelier is also available with 5 and 7 lamp shades alongside a single pendant light from the [Le Klint Bouquet collection](#).

Each version within The Bouquet range is available with larger individual shades. Please [contact us](#) for details and prices for these larger shade options.
