The Bouquet 130M7 Chandelier by Le Klint

The Bouquet 130M7 chandelier light is the largest bouquet of pleated shades in the [Le Klint Bouquet collection](#), an organic and refreshing pendant light by Le Klint. The designer, Sinja Svarrer Damkjær, was inspired by the flower handlers at an Italian market while on holiday. She was fascinated by the elegant curves and movement of the flower heads, when the spring flowers were assembled into bundles.

The pendants and chandeliers feature Le Klint's signature pleated shade, and the pendants' 'stems' are a linen cord braided together adding to its natural look.

A wooden oak detail functions also as a cord adjuster, allowing you to adapt the cord length in a fast and easy way. The 130M7 chandelier is a bundle of 7 pleated pendants but The Bouquet is also available with 5 or 3, as well as in a single pendant.

Each version within The Bouquet range is available with larger individual shades. Please [contact us](#) for details and prices for these larger shade options.
