PRODUCT DESCRIPTION

Hebe Large by ferm LIVING

The largest Hebe lamp, primarily used as a floor lamp, has a ceramic base with a raw design and was originally hand sculptured. A reinvention of the classic lamp, with an artistic touch.

ferm LIVING designed the Hebe collection, allowing you to combine the base with a choice of three shapes and three colour options. The base can be a rough-textured dark grey or off white, otherwise, you can choose a more vibrant glossy deep blue glazed base.

The textile shades are available in a natural off-white or a more bold curry colour in a long, large size. When base and shade are combined together, the lamp itself makes a bold statement. Hebe is also available in two other sizes, [Hebe Small](#) and [Hebe Medium](#).
