PRODUCT DESCRIPTION

Designer: Lievore, Altherr, Molina

Vibia Tempo 5762 LED Wall Light

Designed by Lievore, Altherr, Molina, the Vibia Tempo 5762 Wall Light is a large lighting solution which remains unobtrusive. The design was inspired by lighting degrees and the interplay between transparency and translucence, the Vibia Tempo 5762 Wall Light features a long arm crafted painted steel and a blown glass diffuser. The LED light source is housed within a spherical diffuser that also holds a circular black reflector disk. This disk reflects the illumination downwards and guarantees an even dispersion of glare-free light.

The Tempo Wall Light generates a warm glow, thanks to the 2700K colour temperature, and can be utilised in a wide range of interiors including living spaces, hallways, kitchens, dining spaces and even bedrooms. The contemporary lamp is also available in four varying finishes (Graphite, Terra Red, Cream or Green) managing to adapt to various personal styles.

PRODUCT SPECIFICATION

Light Source: 4W, 2700K, 415 Lumens

IP Code: 20

Dimming: In-line dimmer included on the cable.

Dimensions: Shade: Ø25cm
Height: 140cm
Depth: 42.5cm
