The Multi-Lite Small Pendant light is part of the wider [Multi-Lite family](#) by the Danish powerhouse Gubi. Designed by Louis Weisdorf in 1972, Gubi have breathed life into his design to bring a timeless design to the modern world. The iconic design is comprised of quarter-spheres which rotate around the surrounding frame, meaning that light is directional and original to each owner.

With multiple colours available, this light works best as a simple feature light or as part of a cluster to create a spectacular light show to hang over your lounging or dining areas.
