Carronade High Table Lamp by Le Klint

A new scaled-down version of [Le Klint's Carronade high floor lamp](#), the Carronade high table lamp is one of their best selling floor lamps from the modern collection. Featuring the same stylish tripod formation and directional spotlight style head, the Carronade high table light is as functional as it is fashionable. The high table lamp comes complete with a diffuser for optional use, creating a soft atmospheric light.

Created by Swedish born designer Markus Johansson, he works on furniture design, lighting, graphic design and interior design. Johansson created the [Carronade range](#) as his first collaborative collection with Le Klint, wanting the table and floor lamps to resemble small cannons with light shining out. This playful, miniature design is perfect for living spaces and suitable for reading, task or ambience.
