PRODUCT DESCRIPTION

Designer: George Nelson

HAY Nelson Ball Bubble Pendants

The HAY Nelson Ball Bubble Pendants were designed by George Nelson, an American designer who used Swedish inspiration for this iconic ceiling lamp. When seeing a set of Swedish silk-covered orb pendants, George Nelson wanted them for his office however he later discovered they were highly expensive and unavailable. Nelson then used his resourcefulness to create a more available and affordable alternative. He instead of using silk, used a spray on polymer webbing material that, when sprayed on a lightweight steel frame, creates these iconic glowing ceiling lights that appear to float mid-air. His design has been said earn Nelson the status of being an influential figure in the crucial early period of modern design.

These classic pendants create an ambient glow when switched on and a dazzling visual feature when switched off. The HAY Nelson Ball Bubble Pendants are available in a small, medium and large and can add a touch of modern chic to any interior.

PRODUCT SPECIFICATION

Light Source: **Small:** 1 x Max 8W E27 LED (excluded)
Medium: 1 x Max 13W E27 LED (excluded)
Large: 1 x Max 13W E27 LED (excluded)
