PRODUCT DESCRIPTION

Sammode Studio Bendz Wall Light

The Bendz wall light is one of the most discreet lights in the Sammode Studio Nos Tubes collection. Bendz has transparent casing which provides a view of the satin finished LED lamp inside, which creates an intimate and warm feel if used in areas such as the bedroom as a bedside light. Just as equally, the Bendz wall light gives off enough luminescence to light outdoor areas such as a patio or outside dining area, making it a truly practical light source.

Available in an exciting array of colours and both dimmable and non dimmable versions, the Bendz wall light is perfect for a multitude of uses and is supplied ready to install, fully equipped with its own cable, light source and wall outlet.
