**PRODUCT DESCRIPTION**

Designer: Arihiro Miyake

**In The Wind Horizontal by Nemo Lighting**

Designed by Arihiro Miyake as an exploration of modern LED technology, the In The Wind Horizontal Pendant is part of his wider [In The Wind collection](#), distributed by Nemo Lighting. The frame is made of aluminium, moulded into a coiled, contorted shape, creating a modernistic and stylish pendant that will impress as a suspended feature light. With an intergrated LED light, this pendant creates a 360° diffused glow which is both widespread and warm.

Perfect for lighting dining tables to boardroom tables, this light works best in big room as part of a comtemporary design scheme. With a dimmable feature and available in four colours, the In The Wind Horizontal Pendant is a must have for setting the right atmosphere and providing an innovative centrepiece for your room.
