PRODUCT DESCRIPTION

Designer: Javier Mariscal

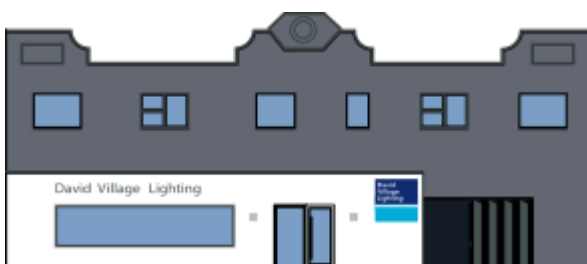

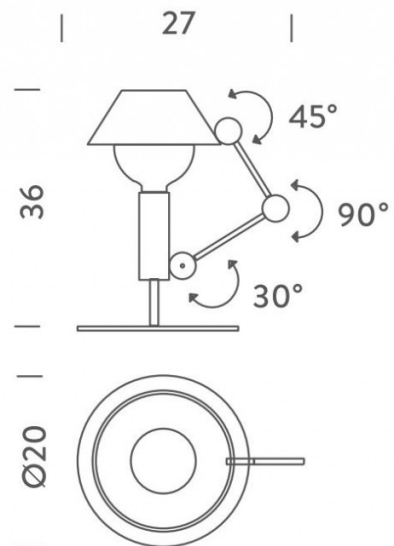

Mr Light Short by Nemo Lighting

Mr Light Short is a playful table lamp, designed by Javier Mariscal for Nemo. Javier takes inspiration from society, what we see, what we hear and how we feel. He puts all that information into his designs and creates graphic and innovative ideas. The light is also available in a floor version, Mr Light Tall.

The lamp has a floating arm that holds the shade, the arm is adjustable in three points (at the body it can rotate up to 30°, the elbow by up to 90° and the shade can be tilted up to 45°). By adjusting the hat, you control the light output, while the lamp emits a widespread light. Mr Light takes his hat off for you, in perky way! Nemo suggests that Mr Light is used with a large, globe E27 (Ø12cm) for a greater effect. That way the shade almost hugs the bulb, like a hat. The light is available in black, with a white inner diffuser.

PRODUCT SPECIFICATION

- Light Source:** 1 x 42W E27 Ø12cm (excluded)
- IP Code:** 20
- Dimming:** In line on/off switch included on cable.
- Dimensions:** 36 cm height
27 cm width
Ø 20 cm base
