Tolomeo Mini LED Table Lamp by Artemide

The Tolomeo Mini LED table lamp is part of the [Artemide Tolomeo collection](#) which is a range that is a mainstay of the Artemide brand, designed by Michele de Lucchi and Giancarlo Fassina. The table lamp has simple lines and an iconic silhouette, which has flexible, cantilevered arms, allowing you to point the light where you need.

The small size of the Tolomeo Mini LED table light makes it perfect for even the smallest of spaces and surfaces, taking up little room on tables, desks, side tables and shelves. You can use in offices, lounges, bedrooms and more to add a touch of classic Italian design and functionality to the room. Perfect for use as an ambient lamp because of the dimmer switch allowing you to adjust the brightness and useful for reading or tasks because of its mobility.
