PRODUCT DESCRIPTION

Designer: Joan Gaspar

Marset Jaima LED Outdoor Floor lamp

Designed through the language of textiles, Joan Gaspar has created a collection of flexible and softly diffused fabric lights. Marset Jaima takes its name from the Bedouin tents of North Africa and is inspired by their varied fabrics and forms. The Textilene shade is available in a range of sizes and colours, with a white interior to optimize the quality of the downward light. There are two stand options available to create the exact floor standing design you need, available in two sizes that are also extendable.

Joan Gaspar's Outdoor Jaima floor lamp is the perfect feature light for outdoor spaces, bringing your useable living space out further than your house. The high overhead diffused shade creates an intimate atmosphere for socialising or relaxing. This lamp is dimmable via the Casambi app on IOS and Android devices. The Bluetooth smart wireless trailing edge dimmer makes adjusting the lamp's lumen output easy and precise.

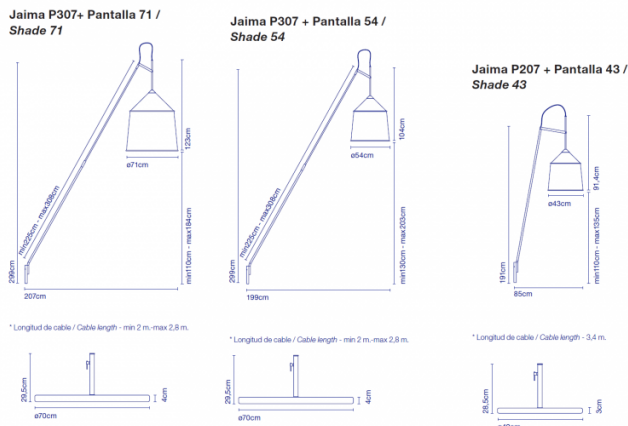

PRODUCT SPECIFICATION

Light Source: 13.5W, 2700K, 1092 Lumens
