PRODUCT DESCRIPTION

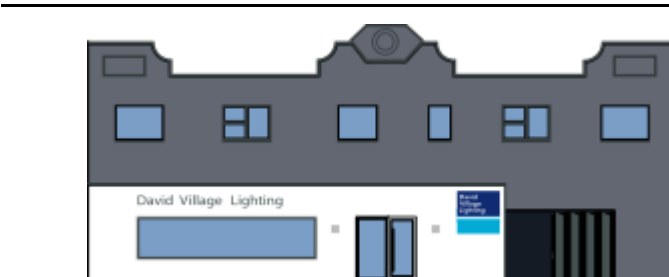

Vuelta Lamp by Ferm Living

A new design for 2020 by Ferm Living, the Vuelta lamp is a striking table light that is characterised by its arched shape and rippled lines. Being reminiscent of ancient columns, the Vuelta light is made from gorgeous opal glass, producing a warming diffused light that will create a cosy atmosphere.

The lamp also has a dimmer switch, allowing you to control the brightness to have the perfect ambience. The built-in LED light source also means this light is energy-saving, combining beautiful design with modern technology. A thoroughly eye-catching and stylish light, the Vuelta lamp can be used as a table or desk light and can also work well on shelves to brighten the room in any setting.
