PRODUCT DESCRIPTION

Designer: Sir Kenneth Grange

Anglepoise Type 80 W1 Wall Light

Designed by icon Sir Kenneth Grange, the Anglepoise Type 80 wall light is a part of the [Anglepoise Type 80 collection](#). Distinguished by its lovely conical shade, Sir Kenneth Grange wanted to create a light that uses the most iconic shape for the lampshade, designing a truly timeless and chic lamp.

The Type 80 wall lamp has beautiful clean lines and has an opening on the top of the shade, creating a halo effect. This makes the wall light perfect for even lower light environments with the upper light creating a nice glow up the wall. The wall lamp has an integrated switch on the top of the shade and can also be adjusted to point where you need. Available in 4 colours, the Type 80 wall light is perfect for many domestic and commercial settings and will add a touch of modernity and elegance to the room.

The head of the wall light rotates through 270 degrees either way and can be tilted both upwards and downwards.

This wall light can be purchased with either a cable and plug which has to be plugged into a nearby socket or you can buy a hard-wired version which can be connected to a mains light switch by a qualified electrician.

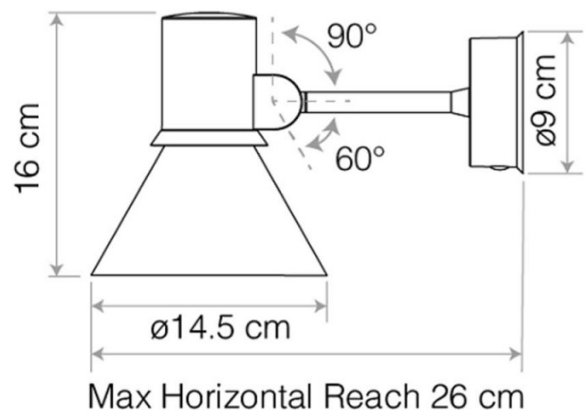

PRODUCT SPECIFICATION

Light Source: 1 x Max 6W E27 LED (included)

IP Code: 20

Dimming: Integrated on/off switch on the product.

Dimensions: Shade: Ø14.5cm
Shade Height: 16cm
