PRODUCT DESCRIPTION

Designer: Andrea Tosetto

Kelly Wall Light by Lodes

The Kelly wall light is part of the [Lodes Kelly collection](#), a range that has a distinct and unique design. Made from metal, the lampshade has an intricate holed design with a curled shape that makes the wall light look almost natural. The integrated LED light source is placed in the middle, reflecting off the shade to create both shadow and light, making the Kelly wall lamp an interesting yet functional light.

This wall lamp is dimmable so you can create the atmosphere you want and the upward, far-reaching light means the wall will be well lit. The wall light is suitable for both homes and professional settings, and can be used in lounges, corridors, hallways, kitchens and dining rooms, to create ambience. Available in 2 colours, the Kelly LED wall lamp is versatile and stylish, the perfect choice to create difference and eye-catching features in your interior design.
